

Robin Fogarty Designed and Delivered Professional Development

Brain Compatible Classrooms

Parents, educators and students are intrigued with the emergent knowledge of how the brain/mind remembers and learns. They want to know how to design more brain-friendly classrooms and how to tap into the talents of the youngsters in their care. They want to understand the art and the science of brain-based learning and how it impacts curriculum, instruction and assessment. They want the whole picture of the human brain and how it learns. Using a palette of brain-friendly strategies, participants learn how to blend the teaching/learning process into rich, rigorous and relevant learning for increased achievement.

- Rich Learning with Multiple Intelligences

Robin Fogarty talks about what she loves . . .

"Professional Development (PD) includes an entire array of models for school staff that include: seminars, books studies, workshops and trainings. PD by Robin Fogarty & Associates is specifically designed and delivered by experts in a field of curriculum development, instructional strategies and assessment techniques. The PD focus is on in-depth learning for school improvement. The goal is to deliver PD that transfers, directly and immediately from "the staff room to the classroom" for teachers, mentors, academic coaches and school leadership.
